

# Scratch Resource Rubrik

	<b>Outstanding</b>	<b>Good</b>	<b>Adequate</b>	<b>Poor</b>	<b>Score</b>
Resource	Student discovers all or most resources helpful to a beginning Scratch user, even those not obvious.	Student discovers many resources helpful to a beginning Scratch user.	Student discovers some resources helpful to a beginning Scratch user, but misses some, even the easy to find.	Student makes little attempt to find or document resources.	
Location	Student describes the location of resources accurately enough for others to find them on their own.	Student describes locations well, but how to get there is not obvious from the description.	Student describes the locations, but not the path to them.	Student inaccurately describes locations and neglects how to get to them.	
Area of interest	Student accurately categorizes resources into correct area of interest.	Student almost always makes the right categorization.	Student chooses the wrong category multiple times.	Student makes little to no attempt at categorization or is usually wrong.
