

Taxed Paycheck

	Outstanding	Good	Adequate	Poor	Score
User interface	All controls are complete and neatly arranged.	Controls are complete, but disorderly.	Most but not all controls are finished.	Not many controls at all are finished.	
Input	Transfers all string input to variables and makes use of constants in tax rate.	Converts most values and mostly uses constants.	Mixes text and values or hard codes constants.	Input is not fully processed.	
Calculation	Makes the correct calculation following exactly the specification.	Makes the correct calculation, but with lower traceability.	Calculates incorrectly.	Does not calculate.	
Output	All output fields are filled from stored results as demonstrated.	Output fields are filled in other ways.	Not all fields are shown.	No pay is displayed.	
Research	All three taxes are described with at least three sentences that are clearly researched.	All three taxes are described with at least three sentences which are based on common knowledge rather than research.	Three taxes are described, but lack in detail.	Not all three taxes are described.
